OUR APPROACH

**TRANSFORMING SPACES WITH FLEXIBLE, MODERN GLASS
DEMOUNTABLE PARTITIONS**

**FLEXIBLE, COLLABORATIVE
SOLUTIONS**

A&F Building Group focuses on adaptable systems that evolve with client needs, blending technical expertise with seamless execution. By integrating design collaboration, precise drafting, and efficient installation, we create interior environments that balance performance, aesthetics, and functionality.

01 PROJECT

Innovative Tailored Solutions

[linkedin.com/company/jilaniplace/](https://www.linkedin.com/company/jilaniplace/)

JILANI PLACE

This project stands as a testament to our commitment to creating spaces that not only meet but exceed the evolving needs of today's professionals, blending work and well-being seamlessly. Featuring a light, bright, and open layout, this space blends functionality with aesthetics to create an inviting environment for professionals.

Client	:	Jilani Place
Designer	:	Sensyst Business Interiors
General Contractor	:	Area Construction
Landlord	:	Jilani Group
Product Type	:	Demountable Glass Partitions

02 PROJECT

[linkedin.com/company/petroff-partnership-architects/](https://www.linkedin.com/company/petroff-partnership-architects/)

ARK | PETROFF PARTNERSHIP ARCHITECTS

A beautiful installation of 250 LFT of demountable glass partitions, showcasing two modern boardrooms and several private offices. The space blends frameless sliding and swing glass doors for a clean, contemporary aesthetic, anchored by a grand open entrance system with maglock security. A perfect example of how design, performance, and access control can work seamlessly together.

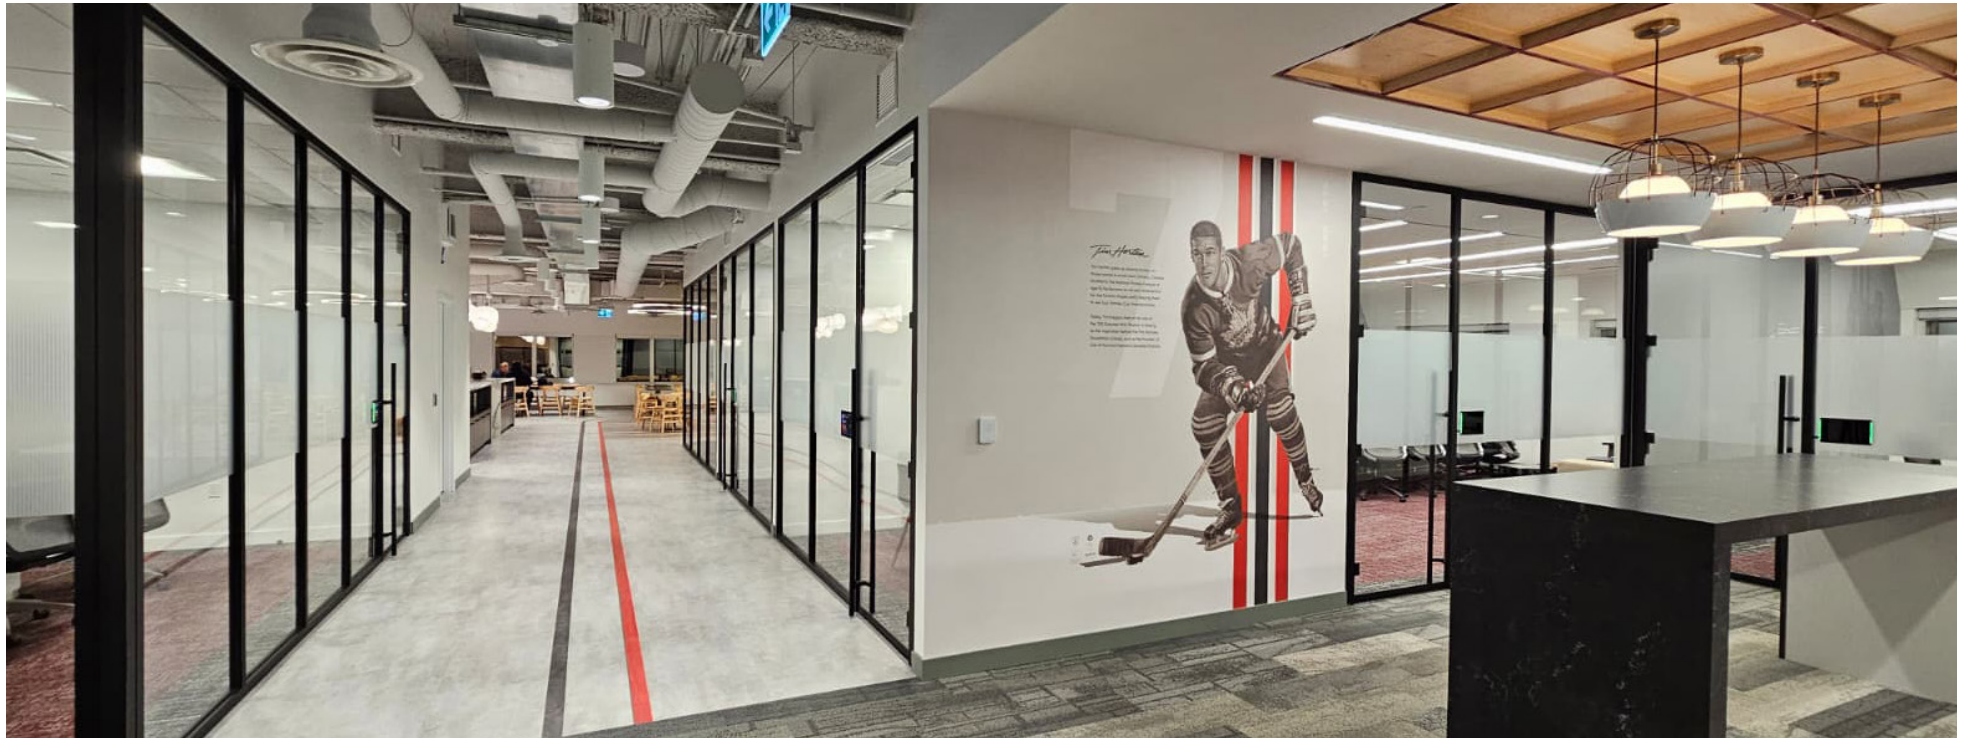

Client	:	Ark Petroff Partnership Architects
Designer	:	Ark Group
General Contractor	:	Venture Construction Services
Landlord	:	The Remington Group
Product Type	:	Demountable Glass Partitions

03 PROJECT

Innovative Tailored Solutions

[linkedin.com/company/zurugroup/](https://www.linkedin.com/company/zurugroup/)

RBI RESTAURANTS HQ

This expansion project for RBI Restaurants HQ features numerous private offices and meeting rooms constructed with low-iron, ultra-clear glass, maximizing transparency and natural light throughout the space. Each office and meeting room is outfitted with digital room schedulers, seamlessly integrating modern workplace technology into a high-quality architectural finish.

Client	:	RBI Restaurants
Designer	:	Daniel Johnson Architect Inc.
General Contractor	:	Cambria Design Build
Landlord	:	Brookfield Properties
Product Type	:	Demountable Glass Partitions

[linkedin.com/company/zurugroup/](https://www.linkedin.com/company/zurugroup/)

ZURU TOYS

This dynamic renovation transformed the Toronto Zuru office space into a modern, adaptable headquarters that supports creativity, collaboration, and future growth. Our high-performance glass partitions maximize natural light, enhance acoustics, and allow effortless reconfiguration – perfect for a fast-paced, innovative environment.

Client	:	Zuru Canada Inc.
Architect	:	R.H. Carter Architects
General Contractor	:	Build It
Product Type	:	Demountable Glass Partitions

05 PROJECT

Innovative Tailored Solutions

[linkedin.com/company/azelis/](https://www.linkedin.com/company/azelis/)

AZELIS CANADA

The Brampton office required high acoustic performance to support focused work and confidentiality. Delivering a double-glazed, STC 45 rated demountable partition system, achieving the client's targeted acoustic performance while maintaining a refined, modern aesthetic. The space features a large vestibule, numerous private offices, and a fully enclosed boardroom, combining performance with architectural clarity.

Client	:	Azelis Canada
Architect	:	Debortoi Design Inc.
Construction Manager	:	Cornerstone Building and Property Services
Product Type	:	Demountable Glass Partitions
